RELI ABLE FITOUT MAN AGE MENT

COMPLETE PROJECT MANAGEMENT & CONSULTING

Expert management of your project by our experienced project managers will help minimise the associated risks throughout the planning, design and construction phases. We will optimise your ability to control costs and ensure the job gets finished on budget and on schedule. We oversee every element from commencement to completion, engaging trusted consultants, architects, electrical and mechanical staff, fire consultants and the like to efficiently and successfully see each project through to the end.

DESIGN

From architectural work to interior design work, our team of expert works closely with each client to understand their unique needs and come up with solutions which are innovative yet practical and cost effective. Most importantly, by engaging us at the design stage, you'll have our builders' input from the project's inception which helps with the implementation of ideas as well as cost savings.

COMMERCIAL AND RETAIL FIT-OUTS

We are vastly experienced in fitting out all manner of commercial property, from large offices to boutique creative spaces, retail stores, restaurants, cafes and clubs. We are happy to lend our expertise and creativity to any project, large or small. We have strong affiliations with quality tradespeople and management staff, employing integrated systems and procedures to ensure careful execution of every job.

BUILDING

At RFM we appoint our own experienced project managers, foremen and labourers to each project to ensure that every job gets the right building team for the job. This allows us to maintain quality control over our projects and meet financial targets. Our people are highly skilled and specialised in all areas of the building industry and work closely with our designers and project managers for a comprehensive solution to any project.

PROPERTY MAINTENANCE

We can engage a variety of trusted tradespeople to undertake almost any maintenance work to your interior fit-out. Our team will design and implement cost-effective ideas which will breathe new life into tired premises. We can also carry out minor works and repairs, electrical services, fire services, mechanical services and hydraulic services.

COMPREHENSIVE SERVICE CAPABILITIES

RFM can fulfill your project needs via our complete design, management and construction service or we can simply act as a provider of requisite trades and services, pulling together a team of experienced, trusted tradespeople. We make sure that everyone of our clients gets the full care and attention they deserve from start to finish.
